

Contents

*Here, before you, is a map of a journey on which you are about to embark.
May it prove to be satisfying and rewarding.*

The Authors

Orientation:

A. Introduction	O-3
B. Course Objectives	O-6
C. Course Overview.....	O-7
Summary of Units	O-7
Summary of Appendices	O-9
D. Course Presentation	O-10
Course Materials	O-10
Textbook	O-10
Video Segments.....	O-11
Engineer’s Scale	O-11
Floodplain Information and Data	O-11
State-Specific Information	O-11
Learning Checks	O-11
Supplementary Reading Materials.....	O-11
E. Course Completion	O-12
Course-Related Assistance	O-12
F. Final Examination	O-12

Unit 1 Floods and Floodplain Management—What Do They Mean to Your Community?

A. Introduction.....	1-3
B. Floods and Floodplains	1-4
Types of Floods	1-4
Riverine Flooding.....	1-4
Surface Water Runoff	1-7
Urban Drainage.....	1-8
Dam and Levee Failure.....	1-8
Coastal Flooding and Erosion	1-8
Floodplains	1-10

Development and Floodplains	1-10
Natural Resources of Floodplains	1-12
C. Floodplain Management	1-14
The Evolution of Floodplain Management	1-15
The Concept of Floodplain Management	1-16
Floodplain Management.....	1-16
Strategies and Tools	1-16
Unit Learning Exercise	1-21
Answers to Unit Learning Exercise	1-22
Unit 2 The National Flood Insurance Program and Community Responsibilities for Participation	
A. The National Flood Insurance Program (NFIP)	2-3
How the NFIP Works	2-4
Roles and Responsibilities	2-5
The Community Role.....	2-5
The State Role	2-6
The Federal Role	2-6
Contacts	2-8
B. Community Responsibilities	2-10
How Do Communities Become Eligible To Participate?	2-10
What Are a Community’s Responsibilities While Participating in the National Flood Insurance Program?	2-13
C. Current Status of the NFIP	2-15
Unit Learning Exercise	2-17
Answers to Unit Learning Exercise	2-18
Unit 3 Your Roles and Responsibilities in Carrying Out Floodplain Management in Your Community	
A. Roles and Responsibilities of the Local Administrator	3-3
Understand the Regulations	3-3
Review Permit Applications.....	3-3
Determine Compliance/Noncompliance	3-4
Coordinate Permit Review with Other Community Officials	3-4
Conduct Inspections	3-4
Take Enforcement Actions	3-4
Interacting with Appeals and Variance Procedures.....	3-4

Keep Records	3-4
Collect Fees	3-5
Investigate Complaints	3-5
Maintain and Update Administrative Forms	3-5
B. Responsibilities of Florida Officials	3-5
Review Applications	3-6
Provide Base Flood Data	3-6
Review Plans and Specifications	3-6
Ensure that All Other Permits Are Obtained	3-6
Notify of Watercourse Alterations.....	3-7
Issue or Deny Permits	3-7
Inspect Development.....	3-7
Record Keeping.....	3-8
Remedy Violations	3-8
Unit Learning Exercise	3-9
Unit 4 Information and Data Provided Through the National Flood Insurance Program	
A. Introduction.....	4-3
B. Flood Insurance Study Reports and Maps.....	4-3
Flood Hazard Boundary Map	4-3
Flood Insurance Study Report	4-5
Flood Insurance Rate Map	4-6
Flood Boundary and Floodway Map	4-8
FIRM New Format.....	4-8
Countywide FIRM	4-10
Digital FIRM	4-11
Digital Flood Insurance Rate Map	4-11
Digital Flood Insurance Rate Map-Digital Line Graph	4-11
Q3 Flood Data	4-14
Map Modernization	4-15
C. Detailed Studies	4-16
Riverine Studies.....	4-16
Cross Sections	4-17
Elevation Reference Marks	4-18
Hydrology	4-19
Hydraulics	4-19

Profile	4-20
Floodplain Map	4-20
Floodway Analysis	4-23
Coastal Flood Studies	4-25
Hydrology	4-26
Waves	4-26
Hydraulic Analysis	4-27
Coastal High Hazard Area	4-28
Coastal Floodplain Map	4-29
Shallow Flooding Studies	4-29
D. Approximate Studies	4-30
Requirements for Developing BFE Data	4-32
Unit Learning Exercise	4-35
Answers to Unit Learning Exercise	4-38

Unit 5 Understanding and Using NFIP Data

A. Introduction	5-5
B. Flood Insurance Study Report.....	5-6
Report Contents	5-6
Understanding Report Data.....	5-7
Relating Report Data to Maps and Profiles.....	5-10
Learning Check #1	5-12
C. Reading and Using Flood Profiles	5-13
Riverine Studies.....	5-13
Profile Features	5-13
Locating Development Sites.....	5-15
Determining Flood Elevations	5-15
Coastal Studies.....	5-16
Learning Check #2	5-18
D. Relating Flood Insurance Study Data to Maps	5-19
E. Reading and Using Flood Maps	5-19
Which Maps to Use	5-20
General Map Features.....	5-20
Map Index.....	5-20
Flood Hazard Boundary Maps (FHBM)	5-22
Flood Insurance Rate Map (FIRM)—Old Format.....	5-25

Flood Boundary and Floodway Map (FBFM)	5-28
Flood Insurance Rate Map (FIRM)—New Format	5-32
Countywide FIRMS.....	5-37
Flood Boundaries and Flood Risk Areas	5-38
Flood Insurance Zones	5-41
Development Sites and Flood Maps	5-41
Determining Stream Distance	5-45
Flood Elevations from Map Data	5-46
Additional Flood Elevation Data from the Flood Insurance Study.....	5-48
Additional BFEs from Map Data	5-48
Learning Check #3	5-50
Special Map Features	5-52
Learning Check #4	5-55
Unit Learning Exercise	5-56
Answers to Learning Checks and Unit Learning Exercise.....	5-60
Unit 6 Managing Floodplain Development: Procedures, Standards, and Requirements	
A. Introduction.....	6-7
B. Floodplain Management Ordinance.....	6-7
C. NFIP Floodplain Management Standards and Requirements	6-9
What is the Purpose of the NFIP’s Management Standards?	6-9
Relationship of Floodplain Maps to the NFIP	6-11
Key Definitions of Floodplain Management	6-12
Base Flood.....	6-12
Basement.....	6-12
Development	6-12
Elevated Building	6-13
Lowest Floor	6-13
New Construction	6-14
Structure	6-14
Substantial Improvement.....	6-15
Learning Check # 1	6-16
NFIP Requirements.....	6-18
Section 60.3(a) of 44 CFR—Floodprone Areas Not Identified	6-18
Require Permits	6-20
Review Permits	6-20

Ensure All Other Necessary Permits.....	6-21
Review Subdivision and Other Developments	6-21
Water and Sewer Systems.....	6-21
Section 60.3(b) of 44 CFR—A Zones Identified without	
Base Flood Elevations.....	6-22
Flood Data for Large-Scale Developments	6-22
Use of Available Flood Data	6-22
Elevation or Floodproofing	6-24
Watercourse Alterations.....	6-24
Maintain Carrying Capacity.....	6-24
Anchoring and Placement of Manufactured Homes	6-25
Section 60.3(c) of 44 CFR—Base Flood Elevations Defined	6-25
Elevation of Residential Structures.....	6-25
Accessory Structures	6-29
Elevation and Floodproofing of Non-Residential Structures	6-29
Professional Certification of Non-Residential Floodproofing	6-30
Enclosures below Lowest Floor	6-33
Elevation and Anchoring of Manufactured Homes	6-34
Structures in AO (Shallow Flooding) Zones	6-35
Development Protected by Flood Control Projects (Zone A99)	6-35
Regulating Encroachments-No Floodways Identified	6-35
Increases Beyond One Foot	6-36
Drainage Around Structures	6-37
Recreational Vehicles.....	6-37
Section 60.3(d) of 44 CFR—BFE and Floodway Defined	6-37
Adopt Floodway	6-37
No Impact Requirements	6-38
Encroachments in the Regulatory Floodway	6-39
Section 60.3(e) of 44 CFR—Coastal High Hazard Areas	6-39
Maintain Elevation of Lowest Horizontal Member	6-40
Locate Structures Landward of Mean High Tide	6-40
Elevation on Piles or Columns	6-40
Free of Obstruction or Breakaway Walls	6-42
No Fill	6-45
No Alteration of Sand Dunes and Mangrove Stands.....	6-45
Manufactured Homes	6-45
Recreational Vehicles.....	6-45
Learning Check #2.....	6-46

- D. Florida Floodplain Management Standards and Requirements6-49
 - Department of Community Affairs (DCA)6-49
 - Florida Coastal Management Program6-49
 - Regulatory: Procedures, Standards, and Requirements.....6-49
 - DCA, Division of Housing and Community Development6-51
 - Building Codes6-51
 - Department of Environmental Protection (DEP)6-52
 - DEP, Beaches and Coastal Systems6-52
 - DEP, Mining, Sediment Control, and Dam Safety6-53
 - DEP, Solid Waste Management6-56
 - DEP, Water Management.....6-56
 - Department of Health (DOH).....6-57
 - DOH, Onsite Wastewater Systems6-57
 - Department of Highway Safety and Motor Vehicles, Bureau of Mobile Home and RV Construction6-58
 - Manufactured Buildings Program.....6-58
 - Department of State, Division of Historical Resources6-63
 - Preservation of Historic Resources6-63
 - Learning Check #36-64
 - Answers to Learning Checks.....6-66

Unit 7 Managing Floodplain Development: Additional Planning Considerations

- A. Introduction.....7-5
- B. More Restrictive Local Regulations7-6
 - Freeboard 7-6
 - More Restrictive Floodplain Encroachment and Floodway Standards .. 7-9
 - Critical and Vulnerable Facilities.....7-10
 - Better Designed and Constructed Foundations7-11
 - Prohibiting Development or Structures in the Floodplain7-12
 - Setbacks7-13
 - Dry Land Access7-14
 - Stormwater Management7-14
- C. Location of Services and Utilities.....7-15
 - Learning Check # 17-16
- D. Management of Flood Hazards of Special Concern7-17
- E. Environmental Protection Measures7-17

Wetland Protection	7-23
Rare and Endangered Species	7-24
On-Site Sewage Disposal.....	7-24
Facilities Siting.....	7-24
Non-Point Source Pollution Control.....	7-24
Point Source Pollution Control	7-25
Special Designations	7-25
Learning Check # 2	7-28
Answers to Learning Checks.....	7-29
Unit 8 Administering Your Floodplain Management Ordinance	
A. Introduction.....	8-5
B. Who Is Involved in Administering the Ordinance	8-6
Floodplain Management Administrator	8-6
Board of Adjustment.....	8-6
Planning Committee, Commission or Agency	8-7
Legal Counsel	8-7
Citizens.....	8-7
State and Federal Agencies	8-8
C. Development Permit Review Process	8-8
When Is a Development Permit Required?.....	8-8
Beginning of the Development Permit Review Process	8-9
Steps in the Development Permit Application Process	8-10
Step One: Review Application for Completeness	8-16
Learning Check # 1	8-24
Step Two: Review the Application Package for Compliance	
with the Technical Requirements of the Ordinance	8-25
Step Three: Approve or Deny the Permit Application	8-28
Learning Check # 2	8-32
Step Four: Inspect the Site/Work.....	8-34
Inspection One.....	8-34
Inspection Two.....	8-35
Inspection Three	8-36
Future Inspections	8-36
Learning Check # 3	8-38
D. Record Keeping	8-39
Answers to the Learning Checks	8-41

Unit 9 Administrative Issues Relating to NFIP Requirements

- A. Introduction9-5
- B. Addressing Administrative Problems9-6
 - Commonly Asked Questions9-6
 - Regulating Development in Unnumbered A Zones.....9-9
 - Permitting Accessory Structures9-12
 - Enclosures below Base Flood Elevation.....9-12
 - Basements9-13
 - Elevation Certificates9-13
 - Determining the Lowest Floor from Building Diagrams9-14
 - Inspection of Floodplain Development.....9-15
 - Learning Check #19-16
- C. Substantial Damage and Improvement Regulations.....9-18
 - Substantially Damaged or Improved Property9-18
 - Calculating Market Value9-19
 - Calculating Costs of Improvement9-20
 - Ways to Substantially Improve Structures9-22
 - Rehabilitation of an Existing Structure9-22
 - Construction of Additions9-23
 - Reconstruction of a Destroyed or Razed Structure9-27
 - Repair to Substantially Improved Structure.....9-27
 - Substantial Improvement Requirements.....9-27
 - Pre-FIRM Structures9-29
 - Post-FIRM Structures9-30
 - Historic Structures9-30
 - Code Violation Exemptions9-32
 - Increased Cost of Compliance Coverage9-33
 - Summary9-34
 - Learning Check # 29-35
- D. Flood Insurance Map Changes.....9-37
 - Requesting Map Changes.....9-40
 - Effect of Map Revisions on Flood Insurance Rates9-40
 - Learning Check #39-42
- Answers to Learning Checks.....9-43

Unit 10 Enforcement of the Ordinance

- A. Introduction.....10-3

B. Enforcement of Regulation Provisions	10-3
A Perspective on Enforcement	10-4
Methods of Enforcement	10-4
Enforcement Ordinances	10-6
NFIP Sanctions	10-7
Learning Check # 1	10-10
C. Variances.....	10-11
Unnecessary Hardship	10-11
Fraud, Victimization, Public Safety	10-12
Increased Risk-Increased Flood Insurance Rates	10-13
NFIP Variance Criteria in Section 60.6	10-13
Variance Guidance	10-13
Learning Check # 2	10-17
D. Legal Issues	10-21
Taking Issues and Liability	10-22
Taking, Eminent Domain, Inverse Condemnation	10-22
Liability	10-24
Learning Check # 3	10-28
Answers to the Learning Checks	10-29
Unit 11 Relationship Between Floodplain Management and Flood Insurance	
A. Introduction	11-3
B. Relationship between Floodplain Management and Insurance	11-3
Pre-FIRM Structures and Post-FIRM Construction	11-3
Elevation and Floodproofing Certificates	11-8
Variances	11-9
Section 1316	11-10
Unit Learning Exercise	11-11
Answers to Unit Learning Exercise	11-12
Unit 12 Obtaining Needed Assistance and Support	
A. Introduction	12-3
B. Sources of Assistance	12-3
Local.....	12-3
Outside.....	12-4

C. Sources of Support12-6

 Improving Local Support12-6

 Utilizing Outside Support12-8

 Community Assistance Program (CAP)12-8

 Community Assistance Contact (CAC)12-9

 Community Assistance Visit (CAV)12-9

 NFIP Biennial Report12-9

 The Community Rating System (CRS)12-10

 Goals of the CRS12-11

 CRS Classifications12-11

 CRS Application Process12-12

 CRS Program Activities12-13

D. Using the Internet12-15

 Unit Learning Exercise12-17

 Answers to Unit Learning Exercise12-19

Final Exercise

 Final Examination 3

 Final Examination Answer Sheet 15

 Home Study Course Survey Form 17

Appendix D Flood Damage Prevention Ordinance—Florida Models

Appendix E A Local Official’s Guide to Implementing the National Flood Insurance Program in Florida

 Forewordi

Table of Contents	ii
Chapter 1- Introduction to National Flood Insurance Program	1-1
Chapter 2- National Flood Insurance Program Maps and Studies	2-1
Chapter 3- National Flood Insurance Program Regulations	3-1
Chapter 4- Local Administration	4-1
Chapter 5- Addressing Administrative Issues.....	5-1
Chapter 6 - Substantial Improvement	6-1
Chapter 7 - Variances.....	7-1
Chapter 8 - Enforcement	8-1
Chapter 9 - Related Programs.....	9-1
 Appendix F Floodplain Management Using Approximate Studies	
Approximate Study Areas	F-3
Determining Base Flood Elevations	F-3
Documentation	F-5
Requirements for Large Developments.....	F-5
Additional Guidance	F-5
Excerpt from Managing Floodplain Development in Approximate Zone A Areas: A Guide for Obtaining and Developing Base (100-Year) Flood Elevations.....	F-7
 Appendix G Additional Guidance from FEMA	
Effects of Non-Participation in the National Flood Insurance Program	G-3
NFIP Restrictions on Federal Assistance in Sanctioned Communities.....	G-4
Policy Guidance: Flood Zone Determinations for Unmapped Communities	G-6
Procedures for “No-Impact” Certification for Proposed Developments in Regulatory Floodways.....	G-7
FEMA Guidelines for Local Variance and Appeal Boards.....	G-10
Questions and Answers Concerning Fee Schedule for Conditional and Final Map Amendments and Revisions	G-15
Processing Letters of Map Amendment or Revision	G-20
COBRA Zone Fact Sheet	G-25

FIA Contractors.....G-27

Appendix H Sample NFIP Biennial Report

NFIP Biennial Report for City of Ormond BeachH-3

Appendix I Forms for Reproduction

Application for Participation in the National Flood Insurance Program

Resolution of Intent

Floodplain Development Permit Application [4 pages]

Permit Review Checklist

Floodplain Development Permit

Log of Floodplain Development Permits

V-Zone Certification

Engineering “No-Impact Certification”

Floodproofing Certificate for Non-Residential Structures [2 pages]

Standard Flood Hazard Determination Form and Instructions [4 pages]

Elevation Certificate and Instructions [10 pages]

LOMA/LOMR Package [22 pages]

MT-EZ Form [3 pages]
