

Agency Initiatives Identified in the SHMP by Goal

Goal 1: Enhance and maintain state capability to implement a comprehensive statewide hazard loss reduction strategy

ARC

- Advocate government actions that help mitigate disaster damage and loss of life (ARC Goal 4)
- Expand mitigation activities within the American Red Cross (ARC Goal 3)

DCA

- Community Resilience

DEM

- EMAP link to SHMP
- Evacuation improvement
- FEMA Program Requirement Consolidation
- Floridamitigation.org
- Loss Avoidance Methodology Improvements
- NFIP Office Expansion
- RCMP improvements
- Revisions to the building code and model ordinance development
- Staff CFM Certification
- The Florida Accidental Release Prevention and Risk Management Planning Program

PSC

- Investor Owned Utility Rules:

SRWMD

- Staff Training

SWFWMD

- Business Continuity & Security Authority (BCA) and COOP Plan
- Info. Resources Department Business Continuity Plan

Goal 2: Support the development and enhancement of local capability to practice hazard mitigation

All

- New Fund Sources

ARC

- Encourage and support efforts to integrate mitigation into community decision making (ARC Goal 5)

DCA

- Hazard Mitigation Planning
- Integration of Mitigation into other initiatives
- Local government technical assistance: implementation
- Local Government Training
- Post-Disaster Redevelopment Guidelines

DEM

- "Stand Alone" ordinance development
- Floodplain Training
- Integrate State Plan into LMSs
- LMS Intern Project Progress AND Industry Retention

Agency Initiatives Identified in the SHMP by Goal

- LMS Training
- Local Mitigation Capabilities
- NFIP Enrollment
- PDRP
- Repetitive Loss Tool

FAC

- Mitigation Education

FLASH

- Enhanced Blueprint for Safety AND Training

FLC

- Goals: separate out

INTACT (FIND)

- Retrofit

REBUILD (FIND)

- Non-Profit Facility/Residential Units Mitigation Project – UCP/ARC
- Residential Mitigation Program
- Residential Mitigation/ Weatherization Program

SHMPAT

- Regular Risk Review

SJRWMD

- Stormwater Management

SRWMD

- Facilitate Community Based Flood Protection

VIND (FIND)

- Manufactured Homes Residential Mitigation (3 projects)
- Site Built Residential Mitigation

Goal 3: Utilize education to increase public and private sector awareness and support for mitigation in Florida

ARC

- Battery Distribution
- Community Disaster Education
- Disaster Education Simulator
- Door hanger Distribution
- Goal 1: Raise awareness of mitigation need
- Scrubby Bear Presentations at H1N1 vaccination clinics

AWI

- Establishment of an Emergency Website

DCA

- Florida Building Commission and Building Code Training Program

DOEA

- 211 and Information and Referral Lines / Elder Helpline
- Disaster Guide for Elders AND Services Manual for Providers and Area Agencies on Aging

Agency Initiatives Identified in the SHMP by Goal

FFMA

- Outreach

FHBA

- Continuing Education to residential Contractors on mitigation and code compliance
- Disaster Contractors Network
- Hurricane Alley at the Southeast Builders Conference

FIU

- Education and Outreach Programs to Convey the Benefits of Various Hurricane Loss Mitigation Devices and Techniques

FLASH

- Advancing Mitigation Awareness:
- StormStruck: A Tale of Two Homes®

FLASH

- Insurance Guides
- Newsletters

PBCDRC (FIND)

- Shutter up South Florida:

Goal 4: Reduce Florida's hazard vulnerability through the application of scientific research and development

AWI

- Independent Study to Evaluate the Agency's Disaster Recovery Plan

DCA

- GM best practices
- GM policy initiatives
- GM practice effectiveness
- (blank)

DEM

- Hurricane Loss Mitigation Study for Commercial Risks in Florida
- Update HES Studies
- Update SLOSH Studies

DOACS

- FRAS Update
- Wildfire Annex

FIU

- Residential Mitigation Research Findings
- Study
- Study: Communicating Forecast Information to Optimize Evacuation Behavior
- Study: Hurricane Loss Projection Model
- Study: Tropical Cyclone Response
- Study: Wind Effects on Photovoltaic Panels Mounted on Residential Roofs
- Wind Pressure Study

SJRWMD

Agency Initiatives Identified in the SHMP by Goal

- Hydrologic data collection and monitoring

SRWMD

- Cooperating Technical Partner for FEMA map modernization
- Monitoring and Reporting

Goal 5: Protect the state's cultural, economic and natural resources

DCA

- Mitigation in DRI process
- Waterfronts Florida Strategic Plan

DEP

- 2004 Hurricane Recovery Plan for Florida's Beach and Dune System
- Beach Debris Removal
- Brevard County Shore Protection Project - North Reach
- Condition Surveys
- Dune Restoration
- Regional Sand Search
- Revalidate Coastal Siting and Design Criteria
- Strategic Beach Management Plan

DEP?

- Porous Groin Study
- Submerged Geotube Groin Field

NFWFMD

- FDOT Mitigation.
- Land acquisition and management.

SFWMD

- Canal Work

SJRWMD

- Floodplain Land Acquisitions
- Prescribed Fire Program
- Upper St Johns River Basin Flood Control Project

SRWMD

- Develop a Springs Heartland Initiative
- Develop Minimum Flows and Levels
- Develop water supply partnerships
- Effective Regulatory Programs
- Floodplain Acquisition

SWFWMD

- Strategic Plan 2010 – 2014

SWFWMD

- Comprehensive Emergency Management Plan
- Environmental Resource Permitting Program
- Prescribed burning program

Agency Initiatives Identified in the SHMP by Goal

- Watershed Management Program (WMP)
- (blank)
- Pressurized Equalizing Modules (PEMs)

Goal 6: Reduce vulnerability of state-owned facilities and infrastructure to natural hazards

DEM

- Critical Facility Survey and Retrofit
- Shelter deficit reduction

DEP

- FEMA Dam Safety Training funds

DOEA

- COOP

FECC

- Emergency Shelter Retrofit
- Grant Project

FIU

- An Archive and Internet Distribution System for Airborne LiDAR Data

Florida Lottery

- Building Design
- Com Network Joined

Good Samaritan Society (FIND)

- Facility Retrofit

NWFWMD

- Continuity of Operations Plan
- Flood Map Modernization Program.
- Rainfall and stormwater monitoring network

SFWMD

- East Coast Protection Levees

State Courts

- Building Retrofit
- Site Hardening

SWFWMD

- Building emergency backup power generators
- Communication System
- Debris Removal Plan
- IT Disaster Recovery Plan

Goal 7: Foster interagency relationships for hazard mitigation across the state.

All

- Innovative funding uses

ARC

- Goal 2: Mobilize support for mitigation through partnerships

DCA

Agency Initiatives Identified in the SHMP by Goal

- DCP - Affordable Housing AND Home and State Housing Initiative Partnership (SHIP) Programs
- DCP - Florida Building Codes Program
- DCP - Florida Coastal Management Program
- DCP - Florida Community's Trust Program (FCT)
- DCP - Growth Management
- DCP - Manufactured Building Program
- DCP - Small Cities Community Development Block Program

DEM

- DEM/RPC
- DOT info share
- FEMA's Risk MAP Program
- Mitigation related capital improvements
- Nat'l Hurricane Center Liason
- NFIP
- NFIP/WMD
- SHMPAT invitations
- Water Management Plan integration

FIU

- Florida Hurricane Alliance

FLASH

- Risk Mitigation Leadership Forum Series

WMD

- WMD follow-up

DOEA

- Special Needs Committee with Department of Health – DOEA chairs the Discharge Planning Sub-Committee
- Vulnerable Populations Took Kit and Workgroup with Department of Health
