Subject Matter:

The State Domestic Security Interoperable Communications Committee (Committee) will be reviewing a grant application by Region 6 for the "U.S Department of Homeland Security Public Safety Interoperable Communications Grant Program" (PSIC) as directed by Section 3006 of the Deficit Reduction Act of 2005 (Pub. L. No. 109-171).

Under the PSIC Grant Program, monies are made available in grants to the 50 States, including the District of Columbia, Puerto Rico, American Samoa, Guam, Northern Mariana Islands, and U.S. Virgin Islands. The Governor of each state and territory has designated a State Administrative Agency (SAA) which can apply for and administer the funds under the PSIC Grant Program. The SAA is responsible for obligating PSIC funds to eligible pass-through recipients, which is statutorily defined as a public safety agency that is a state, local, or tribal government entity or nongovernmental organization authorized by such entity, whose sole or principal purpose is to protect safety of life, health, or property.

On the date above, the Committee will review and rate a grant application submitted by Region 6 to determine whether it is eligible to receive federal funding for its proposed project.
