

## **Gov. Scott Issues Updates on Continued Hurricane Irma Response Efforts**

*On September 13, 2017, in [News Releases](#), by Staff*

**HOMESTEAD, Fla.** – Today, Governor Rick Scott joined FWC officers to tour flood damage caused by Hurricane Irma in Middleburg in Clay County and joined FWC officers to tour hurricane damage in the Florida Keys.

Over the past few days, Governor Scott has visited four shelters in Pensacola, Immokalee, Jacksonville and Fort Myers. The Governor will continue to be in constant communication with state and local emergency management officials, city and county leaders, law enforcement and National Guard leaders, and utility officials as Hurricane Irma response continues.

### **EMERGENCY SUPPORT FUNCTIONS BY STATE EMERGENCY RESPONSE TEAM**

#### **WATCHES AND WARNINGS**

- Flood warnings are in effect across the state. To see the most current advisories in your county, click [HERE](#).

#### **POWER AND UTILITIES**

- The current power outage as of 12:00 p.m. is more than 3.7 million accounts. Since Monday afternoon, power has been restored to 3 million homes and businesses. For a full breakdown, click [HERE](#).
- Do not try to handle downed power lines. Contact your local utility company to report it.
- Tampa Electric
- In total, 425,000 of Tampa Electric's 730,000 customers were impacted by the storm. At the peak of the storm, 335,000 customers remained without power. Power has already been restored to 223,000 customers.
- Tampa Electric expects to restore power to essentially all customers the night of Sunday, September 17<sup>th</sup>.

- About 3,200 line, tree and other workers, from other utilities from as far away as the Midwest, Northeast and Canada, continue to arrive today to assist Tampa Electric, as part of the largest restoration effort in U.S. history.
- Florida Power and Light
- In total, 4.4 million customers were impacted by the storm. Power has already been restored to 2.5 million customers.
- FPL expects power restoration to be completed for the East Coast the night of Sunday, September 17<sup>th</sup>.
- FPL expects power restoration to be completed for the West Coast by Friday, September 22<sup>nd</sup>.
- FPL has mobilized the largest restoration workforce ever assembled with more than 18,000 out-of-state restoration personnel working around the clock.
  
- Duke Energy
- More than 1 million customers were impacted by the storm. Power has already been restored to more than 567,800 customers.
- Duke Energy expects power restoration to be completed for western service areas the night of Friday, September 15<sup>th</sup>.
- Duke Energy expects power restoration to be completed for central and northern service areas the night of Sunday, September 17<sup>th</sup>.
- More than 12,000 restoration workers have been mobilized to quickly restore power to all customers.
  
- Gulf Power
- Gulf Power has fully restored power to the 13,000 customers affected by the storm and has no storm related outages.
- Gulf Power has a restoration team in route to Tampa to assist with power restoration for Tampa Electric.
  
- Florida Electric Cooperatives Assoc.
- More than 760,000 customers were impacted by the storm. Power has already been restored to more than 467,000 customers.
- Approximately 3,000 cooperative workers from Florida and nine other states are deploying to the hurricane impact zone to assist with restoration efforts.
- Municipal Utilities
- More than 800,000 customers were impacted by the storm. Power has already been restored to about 500,000 customers.
- Restoration is expected to be completed by the night of Sunday, September 17<sup>th</sup>, except hardest hit areas, such as Key West, which will take longer to restore.
- Several utilities such as Tallahassee, Kissimmee and Jacksonville Beach are close to being fully restored. In addition, several smaller utilities like Newberry are already 100% restored.

## **FUEL**

- Port Everglades, Port Canaveral and Port of Tampa are all open and are actively prioritizing fuel tanker ships. The Florida Highway Patrol has 20 troopers dedicated to escorting fuel resupply trucks to communities in need.
- This week, the Governor took the following actions to expedite fuel delivery to gas stations:
  - Directed the Florida Highway Patrol to escort fuel resupply trucks to gas stations;
  - Waived the tax on fuel entering the state;
  - Scott and executive office staff have held daily calls with all fuel supply stakeholders, including Florida Ports;
  - Following the Governor's request, Vice President Pence announced that the federal government has waived the Jones Act upon Governor Scott's request, which waives additional rules and regulations to allow more fuel to get to Florida fast. This waiver ensures that all options are available to distribute fuel to Florida. The last Jones Act waiver was issued in December 2012, for petroleum products to be delivered for relief assistance in the aftermath of Hurricane Sandy.
  - Following the Governor's request, the Environmental Protection Agency (EPA) has approved an emergency fuel waiver which allows more fuel to quickly enter the state. For more information, please click [HERE](#).
  - Requested eleven states to join Florida in waiving weight and driver restrictions to move goods more quickly into the state, including fuel.

## **LAW ENFORCEMENT**

- More than 200 FWC officers statewide, including partner agencies, are deployed in areas with resources such as trucks, coastal and river patrol boats, ATVs and shallow draft boats to respond to critical areas based on the storm's path.
- FWC Special Operations Group (SOG) officers, National Guard members and an Urban Search and Rescue Team continuing rescue operations in the Keys.
- FWC has more than 500 law enforcement vessels, including trucks, coastal and river patrol boats, ATVs and shallow draft boats, deployed throughout the state. FWC has three teams of 22 officers with 10 boats in Jacksonville and Northeast Florida conducting search and rescue. FWC officers are surveying storm damage in Clay County.
- FWC has sworn in nearly 200 officers deployed from Mississippi, Louisiana and Arkansas. The 50 officers from Louisiana are moving to Lake City to help with flooding issues.
- The entire Florida Highway Patrol (FHP), approximately 1,700 troopers, is on 12-hour shifts, with the primary mission to assist emergency response.
- The Florida Highway Patrol continues to have 20 troopers dedicated to fuel escorts from Port of Jacksonville, Port of Tampa, Port Everglades and Port Canaveral now that all three ports have been opened.
- FHP has provided security escorts to 44 tractor trailers with relief supplies into Florida from the Georgia/Florida state line to Miami.

- FHP has provided security escorts to 600 utility trucks into Florida from the Georgia/Florida line into impacted areas of Southwest Florida. In addition, FHP is providing a security escort to 11 Panama City utility vehicles.
- 60 FHP troopers have been deployed to assist the Polk County Sheriff, 50 troopers have been deployed to assist the Collier County Sheriff and 20 troopers have been deployed to assist St. Johns County law enforcement.
- FHP has troopers in Hardee County for traffic control/road closure support, troopers in Orlando to assist with emergency vehicle traffic, troopers in Duval County assisting with traffic control/road closures due to flooding, troopers to provide security at the DHSMV Lauderdale Lakes office and is anticipating numerous other urgent emergency escorts to damaged areas in south Florida.
- Though state offices were closed yesterday, DHSMV's Customer Service Call Center assisted 1,636 customers and Field Support Help Desk handled 96 calls from stakeholders. This service provided customers or tax collectors assistance as they recovered from the hurricane.
- FHP has provided a security escort to seven AT&T communication trucks to assist with communication coverage in Monroe County.
- Despite closed state offices in Volusia Co., DHSMV staff is at Orange City & Daytona Motorist Services offices to offer Driver's License and ID services.
- FDLE is assisting with search and rescue missions and is coordinating Florida's law enforcement response. Response teams are supplementing local law enforcement in impacted areas with missions including securing fuel and generators, looting patrols, and local EOC staffing.

## **MILITARY SUPPORT**

- There are more than 9,000 soldiers and airmen on the ground, as a combined force of members of the Florida National Guard, partner National Guard states and active duty components, that have conducted hundreds of missions across the state.
- The Florida National Guard has established two Command Post Nodes (CPN) to provide communication capabilities in the Florida Keys, and is working closely with Monroe County to identify any additional needs.
- All Florida Army National Guard aviation assets have been moved to Opalocka, where they are conducting air bridge operations in coordination with the USS Abraham Lincoln and USS Iwo Jima to deliver life-saving supplies to the Florida Keys.
- More than 1,800 Florida National Guard soldiers and airmen are supporting more than 250 shelters across Florida.
- More than 900 Florida National Guard soldiers and airmen are operating at approximately 80 Points of Distribution sites for the distribution of food and water as needed.
- More than 150 Florida National Guard soldiers and airmen have conducted search and rescue missions in Clay, Duval and Orange Counties.
- More than 2,200 Guardsmen from 12 states (New Jersey, Ohio, Alabama, Indiana, Wisconsin, South Carolina, Georgia, Nebraska, Kentucky, Connecticut, Pennsylvania, and Minnesota) have responded to assist with Hurricane Irma response

operations. Guard units from other states including Tennessee, Illinois, Louisiana, Massachusetts and Maryland are standing by to assist as needed.

- The full spectrum of U.S. military has supported Hurricane Irma disaster relief efforts, which includes the aircraft carrier USS Abraham Lincoln and the two amphibious ships USS Iwo Jima and USS New York, which are providing humanitarian assistance.

## **SHELTERS**

- More than 160 shelters are open throughout Florida with a total population of more than 21,000 individuals. More than 60 special needs shelters are open with a total population of more than 10,000 individuals. This number is being updated throughout the day. Visit [floridadisaster.org/shelters/summary.aspx](http://floridadisaster.org/shelters/summary.aspx) to find information on shelters in your area.
- To find information about available shelter information by county, visit [floridadisaster.org/shelters](http://floridadisaster.org/shelters).
- FEMA is also hosting shelter information on its mobile app which can be found at [fema.gov/mobile-app](http://fema.gov/mobile-app).
- The state is fully committed to ensuring adequate food resources are available to residents impacted by Hurricane Irma, and are prioritizing these resources based on areas where landfall occurred first and based upon urgency of need. These areas include Monroe, Charlotte, Collier, Lee, and Sarasota Counties, and shelters of last refuge. USDA Foods from the state inventory (405,000 meals) as well as inventory from the North Carolina Department of Agriculture (427,000 meals) have been deployed. The state is also working to ensure ice is available for shelters, canteens, kitchens, and military support operations. Florida's Integrated Rapid Response Team (FLIRRT) has been activated for Hurricane Irma. These teams will be conducting assessments of affected food establishments in the impacted areas.

## **PUBLIC HEALTH AND MEDICAL**

- See the Governor's statement regarding the tragedy in Broward here: <http://www.flgov.com/2017/09/13/gov-rick-scott-i-am-demanding-answers-on-fatalities-in-broward/>
- More than 100 assisted living facilities, 10 hospitals, and 99 other health care facilities, including 40 nursing homes, have evacuated or are closed. Of Florida's total 309 hospitals, all operational facilities have power or are running on generator power. The 10 Florida hospitals that are currently closed and are continuing to coordinate with the state on reopening.
- Disaster Medical Assistance Teams have been deployed to provide healthcare services to communities in need.
- Up-to-date information on boil water notices is available online [HERE](#).
- The state is holding daily calls with assisted living facilities and nursing homes to ensure they have everything they need to serve those in their care. The state is aggressively working to restore power to these facilities.

- Department of Health (DOH) Environmental Health staff are conducting assessments throughout the state and epidemiology staff are monitoring emergency department surveillance to identify carbon monoxide poisonings relating to generator use.
- DOH staff continues to provide staffing for special needs shelters and deploy other assets to aid in county recovery efforts. Ambulance strike teams have also been deployed to aid with movements.
- OneBlood is urging all those who are able to visit a local blood center and donate blood to do so. They have an urgent need for platelets and O negative blood.
- The Agency for Persons with Disabilities' regional offices are communicating with providers, waiver support coordinators, and APD customers to ensure they are safe.
- Group Home residents are leaving emergency shelters and returning home as mandatory evacuations are rescinded. Two Group Homes run by Monroe Association for Remarkable Citizens (MARC) evacuated to Orlando and plan to stay until Friday. They are waiting to hear from local officials when it is safe to return to Monroe County.
- The Agency for Persons with Disabilities Rish Park in Gulf County has reopened today. Operations at Tacachale Center in Gainesville are returning to normal.
- APD will be hosting a statewide call today with Waiver Support Coordinators to discuss recovery efforts and any unmet customer needs.
- Residents, especially residents with special needs, should plan for conditions along their route home as well as conditions in their impacted community. For road conditions, please check 511.com. Residents should contact their local county or emergency management officials for the most up-to-date information regarding curfews, power outages, reentry policies and the availability of necessary commodities.
- The Florida Department of Veterans' Affairs (FDVA) operates six skilled nursing facilities and one assisted living facility. All state veterans' homes are currently operational. Two veterans' homes are currently operating on generator power.
- The U.S. Department of Veterans Affairs (VA) operates a number of Florida-based medical centers, outpatient clinics and Vet Centers in the storm path. For specific information on all VA closures in Florida, please click [HERE](#) or visit <http://www.blogs.va.gov/VAntage/hurricane-irma/>

## **TRANSPORTATION & PUBLIC WORKS**

- FDOT debris removal crews have cleared U.S. 1 down to Key West. Local officials will determine when it's safe to reenter Monroe County.
- FDOT is actively monitoring a small bridge on I-75 at mile marker 408 crossing the Santa Fe River on the northern border of Alachua County. The river is expected to crest at historic and unprecedented levels presenting a potential threat to the safety of travel on this bridge. FDOT bridge inspectors are monitoring this structure 24 hours a day and working with the United States Geological Survey (USGS) to ensure driver safety. If the river rises to an unsafe level, it will require the full closure of I-75 south of I-10 and north of U.S. 441 in Alachua. This unprecedented river flooding will also cause closures and extensive rerouting of traffic on U.S. 27, U.S. 41, S.R. 47 and possibly U.S. 121. In the event that these roads must close, FDOT will reroute traffic to U.S. 19, U.S. 301 and I-

95. Anyone planning on traveling to Central or Southern Florida should consider traveling southbound on I-95.

- FDOT continues to coordinate with Google’s emergency response team to “close” damaged roads in Google Maps in real time following damage assessments. FDOT is also working closely with WAZE, the Georgia Department of Transportation and other transportation industry partners to communicate the potential reroutes to the public.
- The Florida Department of Transportation (FDOT) has completed damage assessments on major highways. Every interstate and turnpike is open for Floridians, however, there is heavy traffic volume on I-10 eastbound and I-75 southbound. Everyone should continue to listen to local officials on when to return home.
- FDOT’s cut and toss crews will continue to work with utility crews across the state to clear road debris so power can be restored quickly.
- Bridge inspections and debris clearance are ongoing throughout the state.
- FDOT is coordinating with other states to deploy additional resources to impacted counties. A number of other states have offered assistance. Maryland, Missouri and Delaware are currently deploying crews to Florida. FDOT continues to coordinate with other states.
- Around the state, FDOT has 13 traffic management centers where hundreds of DOT workers are monitoring traffic cameras 24/7. Real-time traffic information is available at [www.FL511.com](http://www.FL511.com)
- Governor Scott directed the FDOT to suspend tolls across the entire State of Florida in preparation for Hurricane Irma. Tolls remain suspended and immediate recovery efforts continue.
- FDOT is coordinating with county emergency operations centers directly to coordinate any necessary response needs and actions, including damage assessments and road and bridge closures.

## **RECOVERY BRANCH**

- An aggressive recovery effort is ongoing, working with FEMA to identify and activate federal grant programs that can benefit Floridians and their communities.
- Following Governor Rick Scott’s request a major disaster declaration by President Donald Trump. Individual Assistance is available for Broward, Charlotte, Clay, Collier, Duval, Flagler, Hillsborough, Lee, Manatee, Miami-Dade, Monroe, Palm Beach, Pinellas, Putnam, Sarasota and St. John counties. Additional counties are expected to be announced today. Emergency Protective Measures (Category A and Category B) funded through the Federal Public Assistance Program is available for all 67 counties.

## **DISASTER ASSISTANCE**

- Residents who sustained losses in the nine declared counties can apply for assistance by registering online at [www.DisasterAssistance.gov](http://www.DisasterAssistance.gov). Residents who suffered damages from the storm may register now, and if their county is later included in the declaration, the application will be processed automatically.
- Governor Scott will continue to work with President Trump and FEMA to approve more funding to additional communities affected by the storm.

- Residents are also encouraged to download the FEMA App to begin the registration process. Simply click on Disaster Resources.
- If you do not have access to the internet, you may register by calling 1-800-621-3362 (FEMA) or 1-800-462-7585 (TTY); if you use 711 Relay or Video Relay Service call 1-800-621-3362.
- The toll-free telephone numbers will operate from 7:00 a.m. to 10:00 p.m. (local time) seven days a week until further notice.

## SCHOOL CLOSURES

- Please visit [www.fldoe.org/irma/](http://www.fldoe.org/irma/) to view all school closures.

## VOLUNTEER EFFORTS

- Volunteer Florida and the Department of Management Services are seeking state employee volunteers to transport food to affected areas in Southwest and Northeast Florida beginning Friday, Sept. 15. DMS is also working with rental car companies to secure cargo vans and box trucks for this effort and both agencies are coordinating with the American Red Cross to deliver supplies to shelters and staging areas. For more information, visit [www.dms.myflorida.com](http://www.dms.myflorida.com) and click “Hurricane Irma: Volunteer to Help.”
- Governor Rick Scott activated the [Florida Disaster Fund](#) to support individuals who are impacted by Tropical Storm Irma. The Florida Disaster Fund helps provide financial support to Florida’s communities in times of disaster. To make a contribution, please visit [www.FloridaDisasterFund.org](http://www.FloridaDisasterFund.org) or text DISASTER to 20222 to make a one-time donation of \$10. Volunteer Florida has also engaged with Facebook to activate a donation portal online.
- In response to Hurricane Irma, Lyft is donating \$100,000 to a “Relief Rides” program helping those in need get to/from hospitals and shelters after the hurricane, as well as partnering with Team Rubicon to help their volunteers. If you are associated with a hospital, shelter, or local government, please email [florida@lyft.com](mailto:florida@lyft.com) so that Lyft can get you access to a pre-funded account to help those in need. Click [here](#) for information on how partners can use Lyft’s Concierge Service to request rides for those in need and who may not have access to a smartphone. If you are an individual in need of a ride, please use the code [HELPFLOIDA](#). For information on specific locations for Relief Rides please click [here](#).
- Volunteer Florida is working with Uber to transport food to people in shelter. Uber is donating \$400,000 of rides, food and relief to families and communities affected as well as first responders. Uber will also provide free rides to and from shelters for residents of Hillsborough and other impacted areas, including Duval County and Lee County. In partnership with Volunteer Florida, Uber will provide free rides to help move volunteers to shelters in impacted areas. Local governments, nonprofits, and organizations with an immediate need can visit [IrmaRelief@uber.com](mailto:IrmaRelief@uber.com).
- Volunteer Florida is working with Johnson & Johnson, which is donating baby supplies and personal hygiene items to victims, Americares, which is donating pharmaceutical

supplies to special needs shelters, Poland Water, which is donating 100 box cars of bottled water, American Logistics Network to stand up a multiple agency warehouse, and multiple volunteer partners.

## **ENVIRONMENTAL PROTECTION**

- 34 Florida State Parks have reopened for day-use only, 133 parks remain closed to ensure visitor safety. Park service staff have formed strike teams to respond to impacted parks and re-open them as quickly as possible. A full list of closures can be found at <https://floridastateparks.org/content/storm-information>
- DEP staff are conducting assessments of beach impacts in Nassau, Duval, St. Johns, Martin, St. Lucie, Palm Beach, Pinellas, Manatee, Charlotte, Lee, Collier, Franklin and Gulf counties. DEP continues to coordinate with USACE to expedite recovery of Florida beaches.
- DEP has mobilized 12 Hazardous Assessment and Response Teams in coordination with the EPA and the U.S. Coast Guard to assess hazardous waste facilities and respond to pollution incidents and other storm impacts. The 40 members of these teams have deployed to Duval and Hillsborough counties tomorrow to begin assessments.
- DEP staff continue to respond to local governments and utilities requests for support.
- Dune and beach fortification activities in St. Johns, Volusia and Flagler counties that had begun in the week prior to Hurricane Irma have resumed.
- Technical specialists from EPA's water division have deployed to Florida to assist DEP staff with wastewater and drinking water system recovery.
- DEP has established a mutual aid system to coordinate responses between utilities, the department, and other responders. This system is active and continues to coordinate and respond to the needs of drinking and waste water facilities throughout Florida. This includes ensuring generators are provided to the Town of White Springs, Alachua County, City of Delray Beach, City of Pompano Beach and Manatee County for lift stations, wastewater plant and other vital infrastructure operations.
- DEP continues to coordinate with GIS and subject matter experts to map priority sites for preliminary damage assessments, and with FDOT to assure roads are cleared to priority sites to expedite assessments.
- DEP is coordinating with US Army Corps of Engineers, FDOT, US Coast Guard, FWC, and FEMA on debris removal statewide.
- DEP is mobilizing Beach Response Teams and participating with assistance of USACE in efforts to expedite recovery of Florida beaches.
- DEP has issued an emergency order to ensure recovery efforts are not hampered or delayed. DEP has expanded that order for power plants to cover the entire state to assist any facility recovering from the storm and a new order to waive certain rules for fuel facilities impacted by the storm statewide. Both orders apply only to impacted facilities and have provisions to guard the environment while assisting in quick recovery of critical infrastructure.
- DEP is working with FWC, EPA, and the U.S. Coast Guard to mitigate pollutants from submerged vessels.

## **WATER MANAGEMENT DISTRICTS**

- The South Florida Water Management District (SFWMD) deployed rapid impact assessment and aerial reconnaissance teams to inspect areas of the regional flood control system.
- SFWMD is deploying debris removal teams to remove trees and other debris that could block the drainage of flood waters.
- The St. Johns River Water Management District (SJRWMD) has deployed pumps and staff to assist Flagler, Putnam and St. Johns counties in recovery efforts from flooding caused by Hurricane Irma.
- The SJRWMD is diverting water from the Upper St. Johns River Basin Project to reduce floodwaters flowing north, providing flood protection for people and property downstream. The district closed a structure and four gates to help alleviate extreme flooding in the river's lower basin in Jacksonville.
- The Southwest Florida Water Management District continues to operate water control structures. All structures without power are being monitored and are discharging as needed. These structures can be manually operated if needed.

## **BUSINESS, INDUSTRY, & ECONOMIC STABILIZATION**

- DEO is preparing to launch the Florida Small Business Emergency Bridge Loan Program to provide support to businesses that suffered economic or physical damage from Hurricane Irma.
- The Florida Virtual Business Emergency Operations Center business damage assessment surveying tool has been activated for businesses to report damages resulting from Hurricane Irma. Businesses are encouraged to visit <http://flvbeoc.org/index.php>. Click on Hurricane Irma.
- A private sector hotline is available at (850) 410-1403 to respond to calls from businesses and private sector support organizations.
- The Florida Department of Economic Opportunity (DEO) is readying the Disaster Unemployment Assistance Program to provide temporary income support to eligible individuals in counties approved for FEMA Individual Assistance.
- The state is working to identify the "open/close" status of businesses. This information is being posted to the SERT Tropical Storm Irma web page: <http://www.floridadisaster.org/info/>.
- The Florida Retail Federation is assisting in coordinating information to Florida Retailers regarding restocking of emergency supplies, readying mobile pharmacies, and the transportation of fuel.
- The Florida Small Business Development Center Network is working with federal officials to identify additional staffing and financial resources to support business response activities.
- The Florida Chamber of Commerce is coordinating with their members and local chambers to determine post-storm recovery needs and identifying resources available to be sent to the affected areas.

## **INSURANCE**

- Floridians affected by the storm must now begin the process of surveying damages to their property and belongings. If you need help finding your Florida's property insurance company's website and contact information, click [HERE](#). For a list of licensed insurance agents in Florida, click [HERE](#).
- Consumers with questions about their policies and those who need help filing a claim should call the CFO's free Insurance Consumer Helpline at 1-877-693-5236.
- It is important to document all damaged property and belongings. A free smartphone app developed by the National Association of Insurance Commissioners called "[MyHome Scr.APP.book](#)" is available to assist with photo documentation.
- OIR has updated its "[Hurricane Season Resources](#)" webpage, which contains links to information provided by the Governor, Chief Financial Officer, Attorney General, Commissioner of Agriculture, Federal Emergency Management Agency's National Flood Insurance Program, and contact information for Florida's property insurers.
