HURRICANE WILMA
POWER BRIEFING SHEET
As of 4 p.m., October 26, 2005

***The information below represents the best available information at the time of this release. Floridians are encouraged to contact their local authorities for additional information as it becomes available.***

SUMMARY
Since Hurricane Wilma made landfall along South Florida on October 24, close to 900,000 customers have power restored. Close to 2.65 million customers across 17 counties are without power.

Power outages are affecting approximately 2.55 million FPL customers, 62,921 municipal customers and 44,103 cooperative customers.

At least 42 counties experienced power outages due to Hurricane Wilma. Power is now 100% restored across 25 counties and fully restored to Progress Energy Florida and TECO customers.
