Welcome to E-Plan's Online Tier II Reporting System

This easy E-Plan online reporting system will allow you to create a report you can submit to your state to meet their requirement for filing of (SARA Title III) Tier II Emergency and Hazardous Chemical Inventory Reports. This system is for Tier II filing organizations to file their Tier II reports to the State each year. However, filing Tier II report via E-Plan may not fulfill the mandate per your state SERC and/or county LEPC and local fire department. Contact your State and County officials to see if they accept E-Plan as a form of electronic filing.

If you have comments or questions, please use the [Contact Us](#) button on any E-Plan website page.

Important Notes

1. Completed Tier II forms for reporting year 2017 are due by **March 1, 2018**.
2. For reporting year 2017, **UT Dallas** institutes **an administrative charge** for organizations that use E-Plan for creating/filing online Tier II reports. Please look at the **list** to see if a charge for creating/filing applies to each facility. Detailed instructions including how and where to pay online payment are available. Please view this step-by-step **guide**.
3. For the 2017 reporting year, nine States (i.e., **Alabama, Florida, Georgia, Mississippi, Montana, New York, North Carolina, South Carolina, and Tennessee**) and several Counties (i.e., **Warren County (OH), Chesapeake City (VA), Hopewell City (VA), Patrick County (VA), Pittsylvania County (VA), and Scott County (VA)**) have accepted E-Plan as an electronic filing method.
4. If your State or County requires you to submit such data via E-Plan, please contact your State or County officials for more information.
5. Please refer to your state's web site and the **EPA's State Tier II Reporting Requirements and Procedures** for submission details.
6. E-Plan online Tier II training video. Click **here** to watch.

If you already have an account, you will enter your login information here. If you do not know your login, or if you are uncertain if your facility has an existing account, click on **Forgot Access ID** or **Forgot Password** to retrieve your login information. **Note: Your email address must match the email that is reflected as the account owner, or the information will not be provided.**

If you are assuming filing responsibilities from someone else, you will need to submit a request to E-Plan by clicking on the **Contact Us** link. E-Plan will ask you to verify your affiliation with the facility/company via email before providing login information.

If your facility is a new filer in the State of Florida, you will click on the orange 'Request New Account' button. Fill in the requested information and your account information will be emailed to you.

Do not create a new account if your company filed last year!

On the next page you will list the Facility Identification information. Federal law requires, at a minimum, the 6-digit North American Industry Code System (NAICS) number and the 9-digit Dun & Bradstreet number. You may look up your NAICS code at <https://www.naics.com/search/>. You should be able to obtain your Dun & Bradstreet number from your Accounting Department. If you do not have a Dun & Bradstreet, simply enter '0'.

You may also see additional ID numbers listed here, including the 'Florida Facility ID', or Florida SERC Number. This is a number assigned by our office and will remain at that location in perpetuity. If you relocate to a new location, and there are no previous Tier 2 reports for that location, the state will assign a new SERC number to that location.

The Owner/Operator, Emergency Contact, and Tier 2 Information Contact are all required under federal law.

Facilities with an Extremely Hazardous Substance must also provide contact information for the Facility Emergency Coordinator. If this applies to your facility, click on the 'Tier2 Filing Management' in the gray header bar at the top of the page (not shown) and add a new contact using the fourth gray icon next to the facility's name (see slide 7).

The Emergency Contact and the Facility Emergency Coordinator are both required to have two phone numbers entered into E-Plan, one of which must be designated '24-hour' as the Phone Type. E-Plan will not accept the Tier 2 when the record is validated if this requirement is not met.

Confirm Contact Information (cont'd.)

In some cases, one person may be the contact for multiple facilities or may serve in multiple contact roles at the same facility. The facility you are working on will be highlighted in yellow.

Confirm or enter chemical quantities in pounds. Do not enter Range Codes. If chemicals are stored in multiple containers, enter the maximum amount in the largest container in the last field in the box. If the quantities are not above TPQ, the Below Reporting Thresholds box is checked automatically.

Quantity	
Max Daily Amount Code	Select Max Code
Maximum Daily Amount in pounds*	25,000
Avg Daily Amount Code	Select Avg Code
Average Daily Amount in pounds*	25,000
Maximum Amount in largest container (pounds)	1,000
Below Reporting Thresholds †	☐

† **Note:** Voluntary reporting of amounts below reporting requirement thresholds. (This checkbox does not apply to most submissions.)
By checking this box, you are certifying that this chemical is not of a reportable quantity under Section 312 of the Emergency Planning and Community Right-to-Know Act. For EHS chemicals, only check this box if the quantity is below the TPQ or 500 lbs., whichever is less. (For a list of EHS chemicals and TPQs, please reference the EPA's hazardous substances (anything with a MSDS), only check this box if the quantity is below 10,000 lbs. In addition, this box may be checked if the chemical you are reporting is exempt from Tier II reporting under 40 CFR 370.10-13.

Always enter

If the storage location has changed, update the location by clicking on 'Edit' in the far-right column. The information will populate in the box below and the 'Add' button will change to 'Update'. Make the necessary changes and click 'Update'. To add a location, simply complete the fields in this same box and click 'Add'.

Important: Please be detailed when describing the location. Ex: Tank Farm in Northwest Corner of property. A separate location should be entered for each area where chemicals are stored. All fields must be completed for E-Plan to accept the entry.

It is not necessary to enter mixture components for all chemicals reported on the Tier 2, especially common substances like gasoline or diesel fuel. However, this screen is useful for reporting specialty or name-brand substances that are a mixture of several chemicals. Just be aware that all of the components listed should add up to 100%. It may also be simpler to aggregate the chemicals and only report those substances that are at or above TPQ. Please contact our office if you need additional guidance.

Enter or confirm the frequency with which the facility receives this substance and how it is transported.

Registration Fee

Please answer questions below to calculate the filing fees applicable for your submission

Is your facility a governmental body (federal, state, country or local) facility?

☐ Yes ☒ No

Does your facility have an extremely hazardous substance at or above threshold planning quantity?

☒ Yes ☐ No

Please have your method of payment ready BEFORE clicking on the Submit button.

Under 'Registration Fee' answer all questions until no other questions pop up. Note that some questions, as in the case of the extremely hazardous substance question in the example, are prepopulated based on the chemicals reported.

Government entities do not pay an annual fee.

Enter the number of employees statewide and click the 'Calculate' button to determine the total fee for the year. Finally, click the 'Submit' button to be taken to the payment module.

Other Fee Questions

Is your facility regulated by the Department of Environmental Protection for storage tanks (Section 376.303 of the Florida Statutes)?

Is your facility regulated by the Department of Agriculture and Consumer Services (Chapter 527, Florida Statutes)?

Is your facility regulated by the Public Service Commission for gas transmission and distribution lines (Chapter 368, Florida Statutes)?

Is your facility's primary function to grow crops or raise farm animals?

The questions above are examples of the additional questions that may pop up as you answer the Registration Fee questions. These questions determine the amount per employee your facility is required to pay. The minimum fee for any facility is \$25.00. Facilities with Extremely Hazardous Substances, or that do not qualify for a fee reduction based on the above questions, pay \$10.00 per employee, but not more than \$2,000.00 per year. Facilities that qualify for a fee reduction pay \$2.50 per employee, but not more than \$500.00 per year.
