

Florida Citrus Recovery Block Grant

Program Application

FORM DEM-CRBG-01

The following application is intended for citrus growers in the State of Florida seeking financial assistance to aid in the recovery of damages suffered during Hurricane Irma (DR-4337). The purpose of this application is both to clarify the eligibility of applicants to receive funding, as well as to collect information that will be used in calculating the amount of assistance distributed to eligible applicants.

Applicant Considerations

A 2017 Wildfires and Hurricanes Indemnity Program (WHIP) application must be completed and submitted to the USDA Farm Service Agency prior to submittal of this application. The WHIP application(s) and supporting documents must be provided as an attachment to this application.

Participation in this program requires you to obtain Federal Crop Insurance for Crop Years 2020 and 2021 for fruit and/or tree. If you elect, as described below, you may also be required to purchase insurance for 2022 and 2023. If you fail to meet these requirements, you will be required to refund all payments received under the program.

Applicants must demonstrate ongoing production and harvest activities for each year that payments are disbursed throughout the period of this agreement.

Period of Agreement

This agreement covers the period from September 10, 2017 through December 31, 2023.

II. Farm Operation Information

<input type="checkbox"/>	Check this box to submit a complete 2017 WHIP FSA-890 and FSA-578 Form in lieu of completing Section II.
--------------------------	---

A. Subject Parcels/ Applicant Operation Locations

Please list parcels and number of acres below for impacted acreage **at the time of Hurricane Irma** (2018 Crop Year).

Proof of applicant ownership will be verified; additional proof of ownership documentation may be required. Maintenance and/or production records for the locations identified in this section are required to be submitted with this application to demonstrate ongoing harvest and production activities at the time of application.

Check this box if you cannot obtain production records from previous owner.

III. Production Loss Formula

The following formula will be utilized to determine percentage of production loss by County. Production loss for all varieties will be averaged to determine total production loss by County. Formula inputs will be identified on the FSA-890 Form unless Section II data was completed.

$$\left(1.00 - \frac{\text{Production}^*}{\text{Acres} \times \text{Yield}} \right) \times 100$$

*Production may be measured using “Production to Count” or “Assigned or Adjusted Production” identified on the FSA-890 Form.

IV. General Eligibility Questions

Please answer the following questions on behalf of the applicant/legal entity applying for assistance by selecting one box for each question.

V. Available Assistance

Please check boxes for the parts where you seek assistance.

The three parts below are the assistance available to eligible producers. This segment of the application identifies which areas of assistance an applicant is seeking funding. The documented percentage production loss of the 2018 crop citrus fruit (2017 calendar year crop) identified in the parts below is calculated using the formula presented in Section III above.

Eligible applicants may receive up to \$1,130.50 per acre under Parts 1 and 2, as follows:

Part 1: \$385.00/acre
Part 2: \$745.50/acre
 \$1,130.50/acre

Part 1: Tree Resets, Grove Rehabilitation, and Irrigation System Repair/Replacement

Upon documented production loss of 2018 crop citrus fruit of at least 20%, you may be eligible for up to \$385.00 per acre for hurricane affected acres for the below purposes. An eligible producer may not receive payments under this Part on more than 15,000 acres. Producers which received benefits under the FSA Tree Assistance Program (TAP) are not eligible to receive assistance under Part 1 for the same loss. Check all that apply.

Repair or replacement of damaged irrigation equipment	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Other rehabilitation needs caused by Hurricane Irma; Please describe.			

For work identified above that is already complete, proof of payment documentation is required to be submitted with this application to facilitate payment under Part 1. This documentation may include vendor invoices, canceled checks, credit card statements, etc.

For work identified as not yet complete, advance payments may be made to assist in completion of eligible activities. Proof of payment and other source documentation will be required to be submitted upon completion of eligible work.

Part 2: Future Economic Losses

Upon documented production loss of 2018 crop citrus fruit of at least 40%, a producer is eligible for economic loss payments of up to \$372.75 per acre for compensation of expected citrus losses for each of crop years 2019 and 2020. To be eligible to apply for *Future Economic Losses*, you must apply for all eligible assistance under Part 1 (*Tree Resets, Grove Rehabilitation, and Irrigation System Repair/Replacement*). No acreage limit applies.

Part 3: Crop Insurance Purchase Requirement

Participation in the Florida Citrus Recovery Block Grant requires producers to purchase Federal crop insurance for both the 2020 and 2021 crop years at a minimum 60 percent level where insurance is available. Where Federal crop insurance is not available, producers must purchase NAP coverage for both the 2020 and 2021 crop years at a minimum 60 percent coverage level. If NAP coverage at the 60 percent coverage level is unavailable, producers will be required to

obtain basic 50/55 NAP coverage for both the 2020 and 2021 crop years. A producer may obtain a level of coverage greater than 60 percent, but the State shall only assist in the purchase at the 60 percent level.

Two options are available to satisfy the crop insurance purchase requirement. Select the option you desire. If no box is selected, option one will be the default.

Option 1 – Two-Year Insurance Option (2020 and 2021)

The applicant purchases Federal crop insurance consistent with the crop insurance purchase requirement identified at the beginning of the *Crop Insurance Purchase Requirement* section (above). The applicant is responsible to pay all administrative fees and producer-paid premiums without assistance under this program.

By signature and submission of this application, you acknowledge that if you fail to purchase the two years of insurance, you will be required to refund all payments received under the Block Grant to Provide Assistance to Citrus Growers. The State of Florida will require documentation to demonstrate active coverage for the periods required under this option. If you choose this option, you will not get reimbursed for your insurance costs.

Option 2 – Four-Year Insurance Option (2020, 2021, 2022, and 2023)

The applicant purchases Federal crop insurance for the 2020 through 2023 crop years at the 60 percent coverage level where insurance is available. You will be reimbursed for your administrative fees and producer-paid premiums for the 2020 and 2021 crop years. For the 60 percent coverage for the 2022 and 2023 crop years, you are responsible to pay all administrative fees and producer-paid premiums without assistance under this program. This option is not available for applicants who are required to obtain NAP coverage.

By signature and submission of this application, you acknowledge that if you fail to purchase the four years of insurance, you will be required to refund all payments received under the Block Grant to Provide Assistance to Citrus Growers. The State of Florida will require documentation to demonstrate active coverage for the periods required under this option.
