Outcomes for Florida residents

Broward

Hospitalizations 295 3% of all cases)
Deaths 58 3% of all cases)

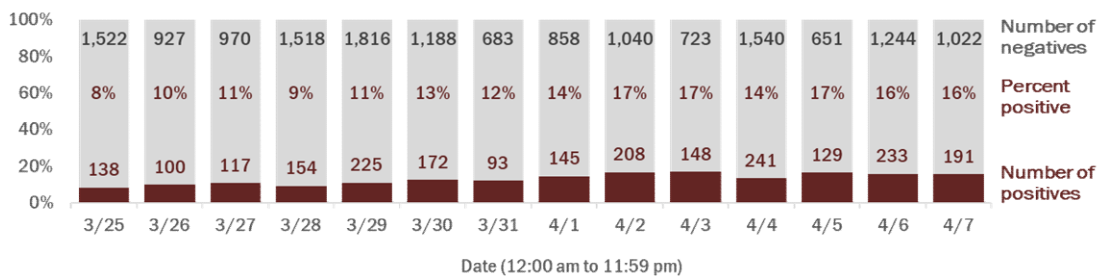

Statewide

Hospitalizations 1,956 3% of all cases)
Deaths 309 2% of all cases)

Laboratory testing for Florida residents and non-Florida residents over the past 2 weeks

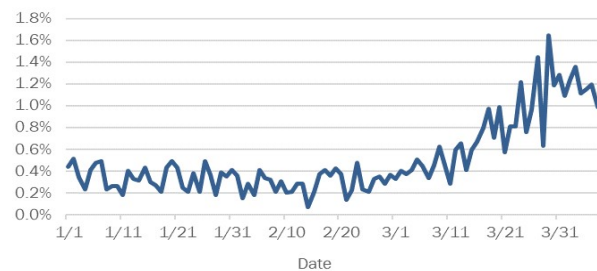

Number and percent of positive labs

These counts include the number of people for whom the department received laboratory results by day. People tested on multiple days will be included for each day a new result was received. A person is only counted once for each day they are tested, regardless of whether multiple specimens are tested or multiple results are received. If a person has a positive specimen and a negative specimen in the same day, only the positive result is counted.

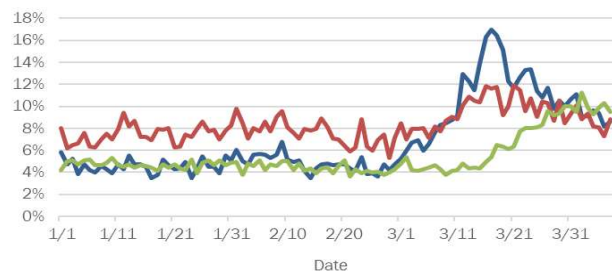

Emergency department (ED) chief complaint and admission data for Broward County

Daily percent of ED visits that result in cough-associated admissions

Daily percent of ED visits that mention cough, fever, or shortness of breath

The Electronic Surveillance System for the Early Notification of Community-Based Epidemics (ESSENCE-FL) includes chief complaint data from 215 of 216 Florida EDs. Data are transmitted electronically to ESSENCE-FL daily or hourly.
