COVID-19: vaccine summary

Vaccination data through Apr 16, 2021 as of Apr 17, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

Data in this summary pertain to COVID-19 vaccines approved by the U.S. Food and Drug Administration and have been issued an Emergency Use Authorization (Janssen COVID-19 Vaccine, Moderna COVID-19 Vaccine and Pfizer-BioNTech COVID-19 Vaccine). These data summarize the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. For persons receiving Moderna or Pfizer vaccines, once they receive their second dose, they are moved from the first dose column to the series completed column. Because of this, the total first dose category may show a change from report not matching the total receiving their first dose from the previous day. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column.

Doses12,420,182completePeople receiving one dose of a 1-dose series (Moderna, Pfizer) count once. Persons receiving both doses of a 2-dose series (Moderna, Pfizer) count once. COVID-19 doses administered for the past 2 weeks

Persons vaccinated for COVID-19 for the past 2 weeks

Number of persons who received their first dose of a two-dose series of the COVID-19 vaccine

COVID-19: vaccine summary

Vaccination data through Apr 16, 2021 as of Apr 17, 2021 at 12:05 AM

Data in this report are provisional and subject to change.

This table summarizes the number of people who have received either their first dose or have completed the series for a COVID-19 vaccine. A person can only be counted in one category, first dose or series complete. Persons receiving Johnson & Johnson vaccines will always be counted in the series completed column (see previous page for additional information).
