

METEOROLOGY INTERNSHIP

WHAT WE DO:

The Division of Emergency Management (FDEM) Bureau of Response coordinates state operational response activities among partner organizations that are active during emergencies and disasters that affect the State of Florida.

WORK HOURS PER WEEK:

This is an unpaid internship with a minimum of 10 hours per week throughout the duration of the program. Your actual internship schedule will be determined between you and your direct supervisor.

INTERNS WANTED!

Are you looking to start a career in Emergency Management?

The Florida Division of Emergency Management is accepting applications for Summer 2023 Interns.

Send your resume and application to Internships@em.myflorida.com.

WHO WE'RE LOOKING FOR:

Students with a study area focused on Meteorology (completion of Intro to Synoptic Meteorology or similar class is recommended), experience with Microsoft Office, and public speaking.

DESIRED MAJORS:

Meteorology, Atmospheric Science

All intern positions are located in Tallahassee, FL.

THE DIFFERENCE YOU'LL MAKE:

This internship is with the State Meteorologist Support Unit at FDEM in Tallahassee. If selected, you will work in the State Watch Office providing meteorological support to FDEM and other state agencies throughout Florida.

HOW TO APPLY:

Provide a completed State of Florida application along with your resume to our Intern Coordinator at Internships@em.myflorida.com.
