# NEW PLANNER

DEM welcomes Melissa Schrader to the Bureau of Mitigation as a planner. Melissa started her DEM career as an intern and later worked full time in the State Watch Office. She is currently in her last semester at Florida State University obtaining a Master in Public Administration specializing in emergency management and homeland security. Prior to living in Tallahassee, she received her undergrad from Florida Atlantic University in Urban and Regional Planning in Ft. Lauderdale. Melissa looks forward to continuing her education and building relationships with locals across the state. Melissa will be LMS Liaison for regions 3 and 4.

When she isn't reviewing LMS plans, Melissa enjoys walking her dog at parks, painting, and hunting!
