

# DEMES RESOURCE MANAGEMENT

As a reminder, the new Resource Management (RM) Portal is live within the Division of Emergency Management Enterprise Solution ([DEMES](#)). The Portal is a requirement for ALL SMAA resources deployed, who must mobilize in DEMES Resource Management and complete the daily activity and equipment logs in the system.

To assist with any anticipated Resource Management needs, the Resource Unit will host daily Huddles/Office Hours at **1700** using the link below. Team Leads, Scribes/Documentation Unit Leads, FPOCs, Specialized Teams, Singular Deployed Resources (EOC Support), etc. This Huddle will cover the topics below.

- Ensure proper credentials for designated personnel
- Establish a meeting and communication group/system
- Share proper POC information
- Answer any lingering questions
